

**The Centre for Foreign Language Teacher Training and European Education at
Warsaw University
invites
students from 4EU+ Alliance Universities
to take part in
the 'Virtual exchange - project work' course**

The course is learner-led and project-based. Students from different European universities collaborate online on intercultural projects. This gives you the opportunity to learn more about other cultures, develop your digital skills and practise English (and other languages) in a natural context.

The course starts on 2nd November 2021, finishing at the end of January 2022. Enrolment on the course is between 21-29 October 2021.

Throughout the course students work at their own pace in small project groups. They choose the topics of their intercultural projects.

Students themselves decide when and how often to meet online.

There are 3 scheduled one-and-a-half-hour Zoom meetings with the course instructor:

November 2 at 3 p.m., repeated at 4.30 p.m (CET)

November 16 at 3 p.m., repeated at 4.30 p.m (CET)

December 7 at 3 p.m., repeated at 4.30 p.m (CET)

The materials from the scheduled meetings will be accessible on the Moodle platform.

The instructor's office hours on Zoom: Thursdays, 8 p.m., starting on

November 4.

Individual students and/or project groups can also arrange to meet the instructor on other days and at other times.

Students are awarded 1 ECTS point on completion of the course.

The course syllabus is available at:
